In operation

- 15 Hydro power stations
- 10 Onshore wind farms
- 1 Offshore wind farm
- 1 Biomass combined heat & power station
- 2 Offices in Perth & Inverness
- ~ 100 Scotland based employees

Who is RWE?

RWE is the leading power generator in the UK, with a diverse operational portfolio of onshore wind, offshore wind, hydro, biomass and gas. We produce enough energy to power the equivalent of around 12 million UK homes.

RWE in Scotland

Scotland is a key market for RWE, where we are involved in over 585 MW of renewable electricity projects in construction and generation.

We own and operate around 480 MW of installed renewable capacity across 26 sites, including 15 hydro power stations, 10 onshore wind and 1 offshore wind project.
